

## CABINET MEETS TO CONSIDER PLANS

Wilson Giving Whole Time To Consideration of H. C. L. Measures.

(By Associated Press)  
Washington, Aug. 5.—President Wilson has abandoned his conferences on the League of Nations until the high cost of living problems are solved, Secretary Tumulty announced today. He said the President is "going to give his whole time to living costs."

Administration officials feel one way to decrease the living cost is increase production and the President is understood to feel strikes or strike threats will interfere materially with any solution of the problem sought by the government agencies. Meanwhile Julius H. Barnes, President of the United States Grain Corporation, has been summoned to see the President late today. It is understood the President will take with him a proposal to restore wheat to a free market with the government paying the difference between the market price and \$2.26 guaranteed to the farmers.

Whether the President will go before Congress to recommend steps designed to relieve the situation in which the country finds itself, Secretary Tumulty said will depend upon the nature of the report which Attorney General Palmer has prepared. Members of the cabinet went into conference early today with Palmer whose preliminary report is expected to concern possible steps to be taken by government agencies in an effort to reduce the living costs. While the cabinet is in session the Federal Trade Commission began a study of all the English laws against profiteering.

## Urges Congress To "Sit Tight"

(By Associated Press)  
Washington, Aug. 5.—William A. Wimbish, of Atlanta, special counsel for the Southern Traffic League, told the House Interstate Commerce Committee today it should sit tight and proceed with its investigations of the railroad problem just as if organized labor had not demanded a tri-partite control of the railroads. "If Congress is going to surrender to the demands made upon it, which is unthinkable, and lie down supinely and let one class dictate, then I am in no position to help," he said. "I don't believe you will. I believe there is enough patriotism and enough courage in this Congress not to be stampeded and intimidated and forced to do things that do not meet its approval. I can not believe these radical propositions represent even the thought of intelligent workmen."

## Miners Fight Over Strike

(By Associated Press)  
Wheeling, W. Va., Aug. 5.—On receipt of reports of a clash between striking miners said to have been led by radical agitators and a score or more conservative workmen, 20 deputy sheriffs armed with riot guns rushed to Fort Pitt coal mine near Bellaire, O., today. The reports said the riots broke out after the strikers refused to allow other miners to work.

## FINAL LETTERS IN SOLDIER ARGUMENT

The correspondence over the soldier vote between Capt. King Swope and Private Joe Prewitt Chenault which enlivened the recent congressional race, has come to a happy close, with final exchange of letters. Mr. Chenault received the following letter from Congressman-elect Swope written on the eve of the election, and sent him a reply to it which is also given below. The letters:

Danville, Ky., August 1st, 1919.

Mr. Joe P. Chenault, Attorney-at-law, Richmond, Ky.  
Dear Sir:

Altho I have not received a copy of the letter you sent to the Danville Messenger (which was not published by the Messenger owing to the fact that it arrived too late) I read the contents carefully and have nothing to say except that you relied a little too much on hearsay because the facts are not as you stated. However I do not mean to say that you deliberately misrepresented the facts but simply repeated them as delivered to you and as you know we can hear a good many things in a political campaign that we can not always vouch for.

And for the reasons above indicated I desire to say that nothing I said in the spirited little correspondence we have carried on during the campaign was intended to hurt you or injure you in any way and I am sure that you had the same attitude toward me.

By the time you receive this the election will be over and regardless of who is the winner, both you and I will, I am sure, support in all needful and beneficial legislation.

Trusting that you will deliver this to the Register for publication in order that the public may understand the spirit in which we were hurling javelins of words at each other and that I may have the pleasure of seeing you at an early date, I am,

Very respectfully,

KING SWOPE

Chenault's Reply August 4, 1919.

Hon. King Swope, Danville, Ky.

Dear Sir:

I thank you for your letter of Aug. 1st. It is gratifying to myself, and all others in this District, I am sure, to know that our Congressman-elect is not imbued with petty resentment or malice.

I heartily congratulate you upon your victory. You fought hard and by your energy you have accomplished that which was apparently impossible.

I wish to assure you that I accept your letter in the same spirit in which it was written, and I trust that I may have the pleasure of knowing you personally.

Very sincerely yours,

JOE P. CHENAULT
